244 years ago...on July 4th, 1776
This great nation, the United States of America,
In a struggle for what was right and free,
Was proudly born...
May we celebrate that precious freedom
For which our forebears fought so bravely...
The freedom that is inherent
In the Stars and Stripes, our revered flag...
Celebrate Freedom
This 4th of July!

Reminders

Selling your boat

Don't forget to let the new owner know that they **MUST** come to the marina office and make arrangements for docking their new vessel.

Prior owners will be responsible for the slip rental on a sold boat until new arrangements are made by the current owner.

**THE SPEED
LIMIT IS 10 mph**

**Smoking is not
allowed in the pool.**

Please be nice if a marina employee asks you to put on a wristband. They are just doing their jobs!!

Hours for Portofino Sticker Only Parking

**Friday
through
Sunday**

WE WILL TOW!

Visitors arriving by boat and parking in an empty slip is not allowed unless prior arrangements have been made with the marina office **and slip owner**.

Marina owners and tenants with small boats are also not allowed to use vacant slips while the boats are in the marina without prior arrangements with the marina office and slip owner.

Hurricane Season

Your boats should **ALWAYS** be prepared for anything when you leave them. We always worry about hurricane season but fact of the matter is we should ***always*** be prepared.

Are your lines adequate enough to handle a gust of wind that can blow over a palapa? Are your decks clear of debris or "stuff" that can become damaging missiles in gusty winds? Are your dinghies and dinghy docks secured and tied so they do not break loose; rub against the docks or, worse yet, a waterline?

As a boat owner it is your responsibility to make sure your boat and everything on and around it is as secure and safe as possible.

Q INTERNET
CONNECTION
WHY ARE MY DEVICES NOT
CONNECTING TO THE
INTERNET?

Our internet is streamed here through a transmitter on top of Endeavor, which makes it complete a wireless internet connection. Most of us our familiar with wi-fi and have those connections in our home. Portofino's wi-fi will never be like what we receive in our own homes.

There are transmitters placed throughout the marina which create a net type coverage over a very large area. Unfortunately, there may be places that the signal doesn't reach effectively.

Everyone in the marina is sharing the same connection and can account for a slowing of the service at busy times in the marina.

Also, given that you may be trying to connect from inside a boat, that also can inhibit your ability to receive the wi-fi connection. Boat hulls and wi-fi don't play well together.

If you would like assistance with your connectivity please call Southern Broadband at 409-684-7021 and they can help you determine the best way you can connect from your location.

**GUESTS MUST BE ACCOMPANIED
BY EITHER AN OWNER OR A
TENANT IF THEY ARE AT THE POOL.**

**PLEASE DON'T HAND OUT
WRISTBANDS TO PEOPLE SO THEY
CAN COME USE OUR POOL
WITHOUT YOU BEING PRESENT!**
